Google Classroom

Dear Parents/Carers,

The teachers of Years 3-6 have a the decision to support the continuity of learning using Google Classroom to provide an educational program to students remotely.

Tasks and online learning will be posted by class teachers with the expectation that students will engage in online learning tasks aligned to the Learning Units published on our school website.

Google Classroom Protocols

Parents and students are encouraged to support the following protocols when utilising on Google Classroom:

- Be respectful at all times.
- Comments and task content should be appropriate to an educational setting with no inappropriate or offensive language.
- Google Classroom is an extension of the school classroom – so normal school rules apply.
- Students should complete quality work to the best of their ability.

To ensure every student from Years 3-6 has access to their respective Google Classroom we ask parents to check that your child knows their Department of Education username and password. If your child does not know one of these then you should make contact with the school to be given this information.

ie: Username: `firstname.lastname[number]`

Password: `**`

Password hint: Passwords are related to your child's current grade (y3, y4) or stage (s3)

Email address: `firstname.lastname[number]@education.nsw.edu.au`

*Some students will have a [number] after their last name as other students in NSW public schools are enrolled with the same name.

If parents need to communicate with the class teacher then they can simply use the messaging application within their child's Google Classroom. Please acknowledge respectable work hours when messaging and expecting a reply from your child's teacher.

Further information on how Google Classroom will be used to support learning at home will be coming home shortly. Thank you for your support and ongoing cooperation.

Kind Regards,

Karen Wardlaw
